

St. Paul's New Mayor.
ST. PAUL, Minn., May 6.—Winn Power, the "People's candidate," who was elected Mayor of St. Paul over Louis Nash, member of the Board of County Commissioners, at yesterday's municipal election, the first under the commission charter, received a plurality of more than 2,500 votes unofficial returns showed today.

NERVOUS DYSPEPSIA, GAS OR INDIGESTION

"Pape's Diapepsin" settles sour upset stomachs in five minutes.

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach or if you have heartburn, that is a sign of indigestion. Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling of the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

MINERS OWN GUNS; CANNOT DISARM THEM, IS CLAIM

Colorado Strike Leaders Declare They Will Not Force Surrender by Men.

TRINIDAD, Col., May 6.—This was the day set by the leaders of the striking coal miners for their promised presentation of the disarmament proposal to their men. At two mass meetings—one at the San Rafael colony and another at Starkville, the leaders had agreed to urge the miners to deliver up their guns to the officers designated by Col. James Lockett, commanding the Federal forces in the Colorado coal strike district.

The strike leaders, however, made it emphatic that they claimed no authority to compel the men to give up their arms. It is the theory of the union that the rifles and revolvers belong to the men who carry them, and that the organization has no power by which it can force them to give them to the United States army officers or to anybody else.

The third squadron of the Eleventh Cavalry, held far behind its schedule by washouts, was expected to arrive today. With the entire regiment on the ground in addition to the other forces in the strike district, Col. Lockett will make final distribution of his troops. The duration of the Federal occupation of the coal fields is a matter of speculation only. The cavalrymen were sent into Colorado with the understanding that the Legislature would make speedy preparation for assuming control of the situation by the State.

DENVER, Col., May 6.—The special session of the Colorado Legislature, now being held, cannot pass a compulsory arbitration law to end the Colorado coal strike. In answer to numerous questions, Attorney-General Fred Farrar today decided that, under the call for the special session issued by Gov. Ammons, the Assembly is limited to an appropriation bill to meet the military debts incurred as the result of the strike, and to the passage of proposed constitutional amendments for submission to the people.

Progressives in the Legislature today presented to the Governor a letter urging him to extend the scope of his call so that the entire strike situation may be considered.

Five bills have been introduced at the direction of the Governor covering the subjects set forth in the call. One of these, providing for a permanent State constabulary, has already aroused the bitter opposition of labor members and progressive Democrats.

Wrong Address of Bailed Flat. Miss Josie Broadwell, whose plight when she was arraigned before Magistrate Barlow in Night Court Monday night after she had been arrested in a raid on a rooming house, was a young college man, that he claimed her as a sister, did not live at No. 31 West One Hundred and Eleventh street, as an error of the types made it appear in The Evening World yesterday where the raid was made was No. 301 West One Hundred and Eleventh street.

RADIUM HIGHBALLS NOW.

LONDON, May 6.—"Give me a radium highball." "I want some brandy with a dash of radium water." These orders soon will be heard in clubs and other places where men congregate, according to an expert who disclaims any connection with those who lately have been exploiting radio-active preparations. Radium water has a direct infusion of radium salts and is kept sterile by the infiltration of ultra-violet rays and the addition of carbonic acid gas. The preparation has been patented and laboratories will be erected in London, whence radium water will be issued to the public in siphons. The promoters invite medical tests of the preparation, which, they say, is gratifying to the palate and conducive to health.

A SURE WAY TO END DANDRUFF

Stop Falling Hair and Itching Scalp—At Once.

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it.—Advt.

FINDS DEATH UNDER AN ELEVATED TRAIN

Man With Initials "H. K." in Hat Ends Life on Ninety-second Street Platform.

A man about forty-five years old killed himself at 4 o'clock this morning by jumping in front of a downtown Second Avenue elevated train at the Ninety-second street station.

Only two persons were on the station platform when the man bought a ticket. He paced about nervously until a train rolled into the station, and the ticket agent noticed that he did not board it. Believing he was waiting for some one, the agent paid no further attention to him.

When a second train came along the man was standing at the extreme

northern end of the platform. Motor-

man Frederick Mercer, who saw him, thought he was an employee who was waiting for the train to pass before climbing down to the roadbed.

As the motorcar approached the platform the man jumped. Three cars passed over him before the train was brought to a stop. An ambulance from the Reception Hospital took the body to the East Eighty-ninth street police station.

The suicide wore a blue serge suit of clothes, a blue flannel shirt, tan shoes and a soft hat, in which were the initials "H. K."
